

KENT U. VILLALUN

villalunkent03@gmail.com | +639943304495 | [GitHub](#) | [Portfolio](#) | Puro, Magsingal, Ilocos Sur, Philippines

EDUCATION

University of Northern Philippines

2023 – Present

Bachelor of Science in Information Technology

Dean's Lister, Academic Years 2023 – 2025

SKILLS

Languages: HTML, CSS, JavaScript

Frameworks & Libraries: React.js, Next.js, Tailwind CSS, Node.js with Express.js

Database & ORM: PostgreSQL, Prisma ORM

Tools: Git, GitHub, Figma, Vercel

PROJECTS

EcoProfit | Next.js/Express, Tailwind CSS, PostgreSQL, Prisma ORM | [GitHub](#)

A full-stack PWA barangay waste management system enabling residents to submit recyclable pickup requests and barangay officials to manage collections, redemption programs, and finances.

- Designed end-to-end UI in Figma and implemented pixel-perfect, responsive pages using Next.js and Tailwind CSS
- Built a dual role-authentication system with JWT httpOnly cookies, token blacklisting, SMS OTP verification, and separate middleware for residents and barangay staff.
- Developed RESTful API endpoints in Express.js covering auth, pickup requests, redemption programs, and dashboard, which serves two separate user roles.
- Resolved cross-domain cookie issues by configuring Next.js rewrites to proxy API calls, enabling seamless communication between Vercel-hosted frontend and Railway backend

SJF Scheduling Algorithm Simulator | React.js, Tailwind CSS | [Live](#)

An interactive web simulator visualizing the Shortest Job First CPU scheduling algorithm.

- Led frontend development and integrated teammates' algorithm logic into the React codebase
- Deployed to Vercel and ensured responsive layout across screen sizes.

LRU Page Replacement Algorithm Simulator | React.js, Tailwind CSS | [Live](#)

An interactive simulator where users input a page reference string and visualize hit or miss results in a step-by-step table format.

- Built reusable React component and maintained readable, well-structured code across the codebase
- Integrated teammates' logic and managed deployment on Vercel

EXPERIENCE

Graphic Designer – SITS College Organization

Sept 2025 – Apr 2026

- Produced promotional materials for org events published to the official Facebook page, contributing to consistent online presence
- Collaborated with fellow designers to align outputs with event themes and organizational branding

Freelance Graphic Designer

Oct 2025

- Designed a heat transfer instructional material handout with custom graphic illustrations for CTE student's teaching demonstration, contributing to a successful delivery.
